Wendy,

Not so far. She has been on the move all day and we have not found a window.

In her absence, let me know if Todd would want to speak with me and others from our leadership team.

Thanks.

Hi, Matt, any luck with setting up a phone call conversation?

Thanks so much,

Wendy

Hi, Matt, good talking to you. Todd Hennis, owner of the Gold King Mine, would love to talk with the Administrator while she's here today. If not in person, a phone call would be great.

Besides discussing his relationship with EPA through the years, I believe he would like to discuss creating a viable long term solution to the Sunnyide Mine Pool problem that doesn't endanger the innocent, adjoining landowners or the people of San Juan County. He is concerned about a potential larger problem with this mine pool.

Do you think we could make a short discussion possible? I think it makes sense on a lot of levels.

Thanks,

Wendy
